

Osborne Big Wheel® Feeders are engineered to improve feed-to-gain ratios while radically reducing waste. The round trough provides pigs with a less stressful eating experience and 360° access to fresh feed at all times. The mechanical flow system and our exclusive Feed Adjustment Mechanism make flow rates easy to set, maintain and reset.

OSBORNE BIG WHEEL® NURSERY FEEDERS

	Catalog Number	Style	Model Number	Feed Capacity* (lbs kg)	Height (in cm)	Trough Diameter (in cm)	Hog Weight	Hog Capacity
