

— INSTRUCTIONS —

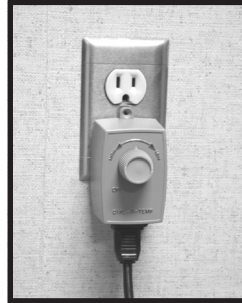

For Wall-Outlet Plug-in Power Control

DIAL-A-TEMP™

Controls Power Supply for Osborne Stanfield® Heat Pads

1. Plug in heat pad cord on bottom of Dial-A-Temp.

2. Plug connected Dial-A-Temp into wall socket or into extension cord for easy access.

3. Set control to desired position. Check temperature in 15-30 minutes.

WARRANTY

For a period of one year from the date of original purchase, KB Electronics will repair or replace without charge controls which their examination proves to be defective in material or workmanship. This warranty is valid if the unit has not been tampered by unauthorized persons, has not been misused or abused, and has been used in accordance with the instructions or ratings supplied. The foregoing is in lieu of any other warranty or guarantee expressed or implied, and KB Electronics is not responsible for any expense or inconvenience or consequential damage caused by items of their manufacture or sale.
