

Quick and Easy Installation with Smart-Fasteners

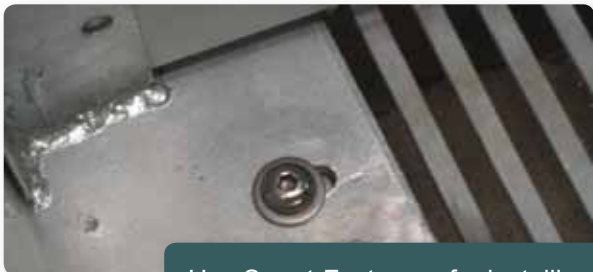

Easily install Osborne's Stanfield® Heat Pads, penning or other equipment with corrosion-resistant Smart-Fasteners. The Smart-Fastener (Catalog Number: RFM-1080) will attach equipment to most farrowing and nursery plastic flooring. If you need a Smart-Fastener for concrete flooring, please contact Osborne to discuss other options available.

The Smart-Fastener for plastic flooring requires a 0.40-in (10-mm) slot opening for easy installation.

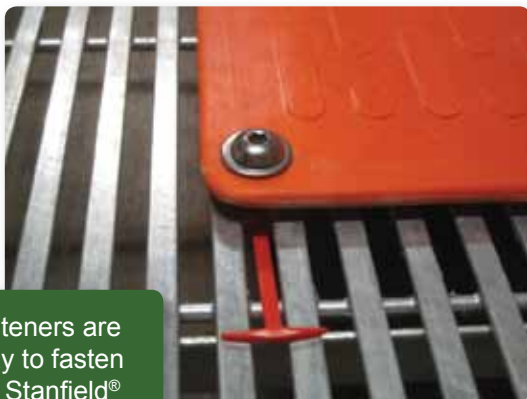

Catalog Number: RFM-1080

Includes stainless steel nut (embedded in plastic), stainless steel bolt and stainless steel washer.

Use Smart-Fasteners for installing penning and other equipment on either plastic flooring or concrete slats.*

Smart-Fasteners are a great way to fasten Osborne's Stanfield® Heat Pads.

Smart-Fastener Specifications			
Catalog Number	Floor Type	Included	Floor Slot Opening Size in (mm)
RFM-1080	Smart-Fastener for Plastic Flooring	Bolt Washer Stainless Steel Nut (embedded in plastic)	0.40 (10)
Call for details	Smart-Fastener for Concrete Flooring	Bolt Washer Stainless Steel Nut (embedded in plastic)	0.63 (16)

*Contact Osborne to learn more about options for concrete slats.
