## Super-Jet™ Circulation Fans

### Super Cool with Super-Jet™ Fans

Power move air in the summer with efficient Super-Jet Fans to relieve heat stress. These circulation fans are far more effective than stir or box fans. Super-Jets are a great addition to a naturally ventilated building, especially when the wind stops! In winter, slow ceiling-level circulation creates gentle mixing of fresh air to eliminate dead air spots and keeps pens warm and dry. Exhaust rates can be reduced in the summer and heating costs are cut in the winter.

- **Totally enclosed**, thermally protected, auto reset, heavy-duty motors have sealed and prelubricated ball bearings. The best U.S.A. made motors are used. All models have dual voltage (120 VAC and 240 VAC) capabilities.
- **Quiet-running** polypropylene fan propellers with replaceable blades stay cleaner and are perfectly balanced.
- **Nickel-plated motor mount** and front blade guards have a radial design for less air restriction.

**High jet velocity** creates a jet-stream of beneficial air movement far greater than the Super-Jet's own output, as shown above. Proper mixture means fresh air is uniformly available—"dead air" is eliminated!

### Super-Jet™ Circulation Fan Specifications

Catalog Number	Fan Type	Normal Speed (RPM)	Voltage (volts)	Power		Fan Diameter		Fan Performance		Recommended Time Delay Fused Switch		Shipping Weight	
				HP	kW	in	mm	0 in w.g. CFM	0 Pa (m3/h)	120V	240V	lbs	kg
FV-SJ1620V	Variable Speed	1725	120/240	1/6	0.12	16	406	2000	3398	4A	2A	33	15
FV-SJ2030V	Variable Speed	1725	120/240	1/4	0.19	20	508	3000	5098	8A	4A	44	20
FV-SJ2460V	Variable Speed	1725	120/240	1/2	0.37	24	610	6000	10195	14A	7A	58	26.3

### Super-Jet™ Replacement Motors

Motor Model	For Use on Osborne Fan Model
REM-3100	SJ1620V
REM-4100	SJ2030V
REM-5100	SJ2460V

**Osborne RTM-Glas™ fiberglass orifice housings** are rigid and will not warp or heat-sag like cheaper poly housings, even after years of operation. Osborne Agri-Aide® housings maintain a perfect orifice for proper propeller operation. Being impact resistant, Super-Jet fans will offer you a lifetime of service!
